DAWNING OF A DECADE . . .

The dawning of a decade is like the dawning of a new day. The sky, trees, flowers, sun and people seem unchangeable, but reality will never be the same. This new decade will bring many changes to Hobart Senior High School students that will affect our lives directly or indirectly. One very major change is the new head of faculty and students. After having had the same principal for six years the Hobart High students have a new leader to guide them. The Hobart High School curriculum is also changing with the addition of new courses such as the Building Trades Program. The students of Hobart High School also have changed with the shifting and construction of the shop and library. Indirectly affecting our lives will be the election of a new president. For all seniors who turn 18 it will be their first time to vote for a leader of their country. For all sport-minded students, the 1980 Olympics in Lake Placid and Moscow will bring the changing of our heros and idols. The seniors will be facing a new way of life out of school and the upcoming freshmen will be facing a new way of life in a different school. And all of us will be facing a new way of life because of inflation, gas and the political unrest. The town of Hobart will also be changing with the new addition to the hospital and library and a new Dairy Queen. And the town and school will be entering the new decade with the reputation of having one of the very best football teams in the state, and the fans to go with them.

1. Shop students ignore the confusion and noise of the construction workers.

2. Things appear a mess while the library undergoes a facelift.

Three foreign exchange students attend HHS

Hobart welcomed three foreign students to HHS during the 1979-80 school year. Sergio Mastache was from Mexico City, Mexico. He came to HHS under a new program called the "New Experiment." Sergio was an 18-year-old senior. He enjoyed basketball and looked forward to winter for he had never seen snow. Sergio made his home with John Van Arsdel and Debbie Nolan. Fernando Garcia was an AFS foreign exchange student from Monterrey, Mexico. He was an HHS senior. Fernando enjoyed football, soccer and ping-pong. He planned to study agricultural engineering when he returned to Mexico. Fernando stayed with Tracy Vickers and her family. Robyn Bashford was from Sydney, Australia. She arrived at HHS under the AFS foreign exchange program. Robyn attended an all-girls school in Australia with eight classes, 40 minutes long. This year she had six classes which included algebra, trigonometry, U.S. history, government, economics, speech and English. She would like to become a physical education teacher. Robyn stayed with Linda Wineinger and her family. All of the foreign exchange students seemed to adjust well to the U.S.

She received a $250 scholarship. Second runner-up was Kathleen Lara, who received a $100 scholarship. Receiving the talent award was Denise Kunas for her comedy skit with a "Macho Man" background. Brickie spirit was at its highest when Hobart advanced to the 1979 Class AAA State Championship. The Brickies defeated the Munster Mustangs by a score of 35-30 in District I playoffs. The Bricks then went on to defeat Number 1 rated Penn in the regional game with a score of 27-20. The injury-plagued Brickies were then defeated by Columbus East, 21-14. The game was played at North Central High School in Indianapolis on November 17. The North Central stadium was filled with Brickie fans before kick-off, when 25 fan buses arrived at the stadium. "M*A*S*H" stands for Mobile Ambulance Surgical Hospital. The screenplay was developed by Tim Kelly from the book by Richard Hooker. "M*A*S*H" was chosen by Director Shirley Mumaugh because of the large cast needed, popularity, and the large audiences. According to Miss Mumaugh, this cast was mainly inexperienced. Hawkeye was portrayed by Senior Ken Melvin while Junior Jimmy Mullins played his companion Duke. Junior Dan Schuman played "Ugly" and Senior Ray Schallenberger portrayed Walter. SUMMER . . .

HHS students spent the last summer of the 1970's many different ways. Some students spent their summer partying or on the beach, while others began working on the building trades house. Many students had summer jobs at fast-food joints, sports shops, fruit markets, the animal clinic, grocery and shopping stores. Many of the students enjoyed part of their summer attending camps such as cheerleading, girls and boys state, music, band and journalism. Others participated in sports such as girls softball, here one of the girls teams won the state championship and went to Texas for the National Tournament. The Hobart Big League went to the State Tournament and finished third. Some just laid back and enjoyed the sun and warm weather, all the time knowing that school would begin again much too soon. And back to that same old grind at HHS or for the senior, a totally new experience at a college where a whole new way of life would soon begin for them. And knowing their summers from now on will never be quite the same.

Tug-of-war added to pep sessions

A variety of pep sessions were held in the gymnasium to cheer on HHS sports. There were more pep sessions this year being that the football team went down state for finals. Even though the team was defeated HHS students and faculty were full of spirit. The students and teachers performed tug-of-war contests at the pep sessions. There were also more pep sessions to represent the basketball team for being advanced to the final game in the sectionals. During the Basketball Homecoming pep session Mr. William Cope and Mr. Bob Hunt participated in a pie contest. They each had a jar for money donations, and the one who made the most money had a pie thrown in his face. The contest turned out to be a tie so they both had pies thrown at them. There were also a few convocations. Micah and Laura, mimes, performed several skits. They chose volunteers from the student audience to perform a skit with them. The Pepsi Company was here showing films and talking about the "History of Dance." There was a frisbee convo held in appreciation for seniors only during the fifth period class in the gymnasium. Student were shown how to play frisbee games and how to do different throws and catches.

Brickie pride carries over to State

Are you proud to be a Brickie? Well you should be. Going as far as class AAA state finalists is like a dream-come-true for coaches and players alike. This was a record-breaking year in the history of the school. The Bricks had a lot of pride and intensity, and team effort was outstanding, as was the leadership by captains Joe Riley, Dennis Retzlaff and Mark Wilfong.

Among the Brickies, injuries were plentiful, which is one of the contributing factors to the final loss down-state against Columbus East.

Passing and running became the team's strongest points with Junior Bob Kobza throwing 137 for 1738 yds. for his first varsity season.

Coach Howell was especially proud of beating a tough, number one ranked Penn Central team.

Junior Varsity has deceptive 3-5 season

Although the junior varsity was 3-5 for the season, the techniques and procedures learned will prove to be invaluable to the Bricks who will move up to varsity positions.

The Bricks played well and all their games were hard fought. The Bricks season opened with an overwhelming victory over Highland with an ending score of 49-0.

Active Math Club paints murals on walls

The Math Club, sponsored by Mrs.Anita Sark, was one of the more active clubs at HHS. Members painted characters on the walls in room 210. They presented senior math awards and made contributions to local organizations like the Caring Place. The club assisted with math elimination tests, and also attended the Dionne Warwick concert. As money making projects they held two car washes and had two bake sales. The officers were Ray Shallenberger, president; Rosanne Imboden, vice-president; Mary Koleff, secretary; Dave Barkalow, treasurer.

The Science Club, during its monthly meetings, heard Dov Rosenberg and Marcus Roman give reports on summer institutes they attended. The club members also saw several science films concerning various aspects of science. There were approximately 20 members. The officers were Ken Janas, president; April Sark, vice-president; Marcus Roman, secretary; John McGue, treasurer.

Because Business Club had problems getting approval for projects, the main activity was a year end banquet. Officers were Kim SeDoris, president; Sharon Aralza, vice-president; Melissa Allen, secretary; and Angie Smolinski, treasurer.

New math class added at HHS

Consumer math was a new class added to the math department this year. This class was taught by Mr. Bob Graham for seniors with only general math backgrounds. Mr. Glenn Robb retired from HHS in March after being at HHS since 1965. The math department sponsored a math elimination contest and the winners competed at Chesterton and MC Rogers. Winning trophies at Chesterton were Rosanne Imboden and Jeff Eleff. Roseanne and Mike Sapper won trophies at MC Rogers.

The teachers spent their year selecting new text books for the 1989-81 school year.

The science department consisted of Basic Biology I and II, Biology I, II, III, IV, Chemistry I, II, III, IV, Physics I and II and Earth Science. The advanced biology students studied genetics and animal anatomy by dissecting cats. The basic biology class studied the one-celled animals under the microscope and learned the basic anatomy of the worm, crayfish and pig fetus. The earth science students went caving in the Sullivan Caves. The chemistry students worked on lab assignments and studied chemistry equations. The physics students studied the form of energy as the main work of the class.

Other business classes were typing, general business, machine calculations, clerical practice, shorthand and accounting.

The foundation of the HHS art classes was based on drawing. Students drew with charcoal or pen and ink. Students learned to paint with first water colors and tempera, then oils and acrylics. Students also earned credit working with paper, lettering, printing, sculptering, and crafts.

The first semester of crafts was ceramics. Students built bowls, plates and mugs by hand and then glazed their projects. They also learned to use the wheel, and pour molds. Second semester was spent working with leather.

Yearbook sales done differently

Two advertising managers were added to the Ho-Hi Life staff. More advertisements were sold because of this. The newspaper was increased to six pages often instead of last year's four because of the needed space for ads.

The 1979-80 Memories staff consisted mostly of new members, only three of last year's staff remained; Steve Lach, Sue Norris, and Ken Costello. The staff changed layout designs and added more color pages, in advertisements and activities. Yearbook sales also changed. Yearbooks were ordered on one day, then money was taken on a collection day each week. The staff learned new ideas at two yearbook workshops sponsored by the American Yearbook Company. Both staffs attended the Northern Indiana Journalism Seminar at Purdue Calumet.

1. *Steve Lach, editor of the yearbook, confers with Representative Bob Henning about this year's book.*

2. *Staffers Linda Wineinger, Jeanette Schmelter, and Michelle Trail find planning the yearbook hectic.*

3. *Senior Jeanne Richardson concentrates on cutting stories to put in the HO-HI Life school newspaper.*

5. Yearbook staff — first row — *F. Aboor, K. Costello, J. Schmelter, M. Trail.* **Second row —** *D. Ewing, T. Osiel, L. Bauswell.* **Third row —** *L. Wineinger, S. Schavey, J. Balash, B. Olson, K. Hummel, S. Lach, L. Bigbie.*

Two new swim teachers added to gym classes

HHS welcomed two new physical education teachers. They were Mr. Gary Davis and Miss Debbie Steller who taught swimming as well as advanced P.E. Mr. Davis and Miss Steller were the new swim coaches. Fall activities in the advanced classes included swimming, weightlifting, basketball, tennis, volleyball, and hockey. Outside activities such as baseball and soccer were planned for spring. Bowling was an all-year, twice-a-week activity.

The beginning gym classes rotated their activities from swimming to Mr. Don Howell for weightlifting, then to Mrs. Eleanor Armontrout for physical activities such as team games.

Another class offered to the pupils was drivers education. The students were given the opportunity to drive their first car with front wheel-drive when the 1980 Chevy Citations were added to the driving course. The students spent nine weeks in class and on the simulators and the other nine weeks for on the range and road-driving assisted by Mr. Stu Hammel and Mr. Millard Rhody.

The alcohol education classes taught by Mr. James Johnston learned many interesting things about drugs, alcohol, and tobacco. Students collected articles and advertisements, and made posters about each subject. Class discussion was also a large part of the class.

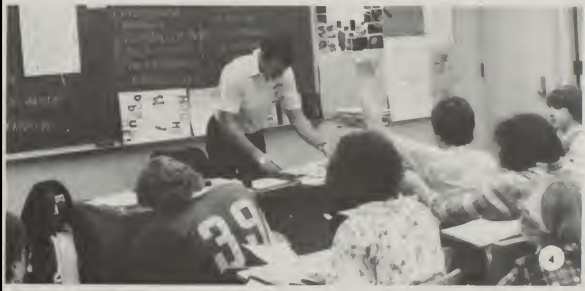

1. *Sophomores Dawn Luna and Shirley Segudovic learn to use their muscles in weightlifting class.*
2. *Students in Mr. Howell's gym class fight over the puck while playing hockey.*
3. *Junior Rick Glass practices his driving techniques on the simulators in drivers ed.*
4. *Questions are always being asked about drugs in Mr. Johnston's alcohol education class.*

Spanish students fly to Mexico

Some French and Spanish students went on vacations during Spring break. Some of the Spanish students flew to Acapulco, Mexico and Taxco for eight days. During the trip they visited Mexico's capital, Chapultepec Park and various historical sites. They observed cliff divers and climbed pyramids. The students went on a three hour cruise and ate in different restaurants. Some of the French students went to Quebec and Canada for five days. They traveled by bus. They visited various historical and tourist sites. They also ate in several French restaurants. The French class studies vocabulary, grammar and phonetics in order to learn the language. The overall aim was to be able to understand and use the spoken and written language. The goal of the Spanish classes were to be able to communicate in the language as well as reading and writing it. The students spent most of their class time in activities that helped the students achieve their goals. They had conversational segments, reading sessions, and composition practices. The students learned about Spanish-speaking people and their culture.

The German classes studied various grammar and vocabulary segments in order for the students to read and write the language. The overall aim of the German class was to make the language and the culture of the Germans familiar to the students for future use.

A new class was added to the English department. This class was English 12, for seniors who were deficient.

The Seniors were required to take one semester of government and one semester of economics. Some of the seniors prepared reports from the governmental meetings in the government classes as a large proportion of their nine-weeks grades.

The Speech and Drama classes were taught by Miss Shirley Mumaugh. The Speech department consisted of basic speech; interpersonal communication, discussion and debate, acting and stage craft. The students were taught how to prepare speeches and how to comment and listen to them. The Drama classes did make-up, pantomime, improvisation, fights, and scenes.

Building Trades class added, constructs house

A new program in Industrial Arts, which was completed during the summer, was the Building Trades course. The students built a house, doing everything, including all the electrical work, plumbing, the heating system and roofing. The Industrial Arts rooms were rebuilt during the school year. All the rooms were being remodeled and some relocated. There is a new wood shop room which is larger and more modern than the old one. The old woods will be the new art room. The choral room was enlarged and became the new auto shop. All the rooms were equipped with new machinery and tools to be more convenient for the students.

The Family Living course was taught both semesters because of the increase in students taking the class. A new refrigerator was added to the foods room and the Child Development class set up a mock day care center. The students were allowed to choose their own garments to make just so they included certain requirements. There were six different Home Economics classes which consisted of: Foods and Clothing; Clothing and Textiles; Housing; Child Development; Single Living; and Family Living.

It placed first in the float contest at the football Homecoming with its theme being "Don't Toy with the Bricks." The class officers were Jim Berry, president; Joanie Jamison, vice-president; Lori Clemens, secretary; Marcus Roman, treasurer. The class motto was "Labor Conquers All." HHS welcomed Dr. Thomas Wirtz as the new principal. He replaced retired Russell Deal after 32 years serving in various positions in Hobart. Dr. Wirtz was from Mound, Minnesota. He was involved in coaching the wrestling team at River Falls High School in Wisconsin for five years. He also taught U.S. History. Dr. Wirtz gave the teachers the option of giving finals to the students or not at the end of the semester. He also changed back-to-school night to Parent-Teacher conferences. The parents could come to the gymnasium in the morning, noon or evening on certain days where all the teachers were available to talk to the parents and to pick up the students' report cards after the first nine weeks of school.

There was a new tardy policy for the student body. Each student was allowed one free tardy per class. After the first tardy the teachers had a choice of giving the students detention, a percentage deduction from the nine weeks grades or extra class work.

Lunches were increased twice in the last year. The first semester, lunches were 55 cents. For the remainder of the school year, in March lunches went up again to 70 cents. Milkshakes were added to the choice of drinks to purchase at the snack store. Ham and cheese, turkey and cheese sandwiches and tacos were new in the lunch menu. Mrs. Mary Smith, head of the cafeteria, and the staff commented that they enjoyed serving the 1979-80 students and teaching staff.

Miss Thompson leaves HHS

After 38 years of service to the Hobart school system, Miss Dorothy Thompson has retired from her position at the high school. One of the reasons for her leaving was her dislike for cold weather. Although she still plans to reside in her home on Lake Michigan, she will spend the winters in the Carribean or other warmer climates. Cruising the Carribean will be nothing new to Miss Thompson because she has done it three times before. Miss Thompson has spent much of her life traveling. She has visited Europe six times, Mexico four times, South America, Japan, and the Far East. She has even taken a complete round the world trip. Miss Thompson also owns certificates that prove she has crossed the Equator, the International Date Line, and the Artic Circle. Miss Thompson has also been shipwrecked on an island while coming home from Alaska.

Miss Thompson's 38 years of work in the school system started at the junior high where she taught math and social studies. She then moved up to the senior high and taught math. At the high school she then became dean of girls in charge of discipline. She was also assistant principal for 20 years under former HHS principal, the late Harold Moody. Miss Thompson was Student Council sponsor for 25-30 years. The AFS used to be sponsored by the Student Council and when it spun off into its own club, she became the sponsor of it. She also helped start the National Honor Society in Hobart, leadership conferences, and Government-Education Day. Another club she helped start was the Debuteens who now sponsor the Semi-formal dance. Her last seven years at HHS have been spent as a guidance counselor.

Hobart Senior High reviews the 1970's,

1970

1970 — A year of the Vietnam War, and Nixon's promises of ending the "police action."

Violence in the states consisted of attacks on police by black revolutionaries and bombings by white radicals. Women's Liberation grew into a large amount of strikes and mass marches demanding equality.

A civil war was started in Jordan when Palestinian commandos hijacked 3 jets to the Jordanean desert, and held hostages from 5 nations and blew up the empty planes.

The midi-skirt threatened the ever popular mini as the big fad of that year.

The Baltimore Orioles won the world series, and the Kansas City Chiefs won the Super Bowl.

"Patton" won the Academy Award for best picture and "Love Story" by Erich Segal was the best book.

1971

1971 — The year that Nixon tried to meet the challenges of inflation in the states and shifting power blocs overseas. A special thanks to Roland Lewis for basketball game pictures.

It's really strange this thing called a yearbook class. There were only four or five people in this staff who had any experience in making yearbooks, and two of them graduated mid-term so, to say the least, we were a rookie staff. At the beginning of the year we were, for the most part, strangers, not knowing what we were in for. Well now it's the end of the year and we've been through a lot together and have grown very close friends. The closeness that has grown in this class is really something. We may fight and tease each other a lot but it is all in fun. Now that the yearbook is finished I have a great load off my mind. It may not be the best yearbook Hobart ever had but it will be quite unique. I want to thank the staff for their efforts and Mrs. Lambeth for letting me spend a lot of money. I also want to wish next year's staff and editor Lorri Bauswell a lot of luck.

Steve Lach
